

bSteam 35 VAC

Versatile, powerful, durable

The dry steam cleaner bS 35 VAC combines power and flexibility. The trolley allows you to move it with ease and it is quickly at the desired place of use. The high steam temperature and a working pressure of up to 8 bar enable versatile use. Among other things, it is ideal for industry, the hotel trade and vehicle cleaning. The bS 35 VAC has an integrated extraction system and the steam quantity regulator allows the steam quantity to be infinitely adjusted.
